Holder Benefit Tax

In order to drive stability and long term viability, **\$SIMP** is designed to **reward** token holders, real transactions, and to disincentivize selling and speculation of the token itself.

Every transaction that uses **\$SIMP** will trigger a **8.5% Holder Benefit Tax** where:

3.5% will be distributed to holders as **\$BNB** 

1% will be distributed to holders as **\$SIMP**

1% will automatically contribute to liquidity  **PancakeSwap**

3% marketing tax will contribute towards the aggressive PR and marketing campaign, designed to **accelerate the growth of the token**
